

12/2/2022

MEMORANDUM:

This memo serves as confirmation that the Joint Restoration Foundation's (JRF Ortho) FDA Establishment Registration and Product Listings for HCT/Ps has been renewed for all locations. FDA registrations are always valid for a full calendar year and expire on December 31st of the year after issuance or renewal.

The 2023 calendar year registration renewal for JRF Ortho was completed and received by the FDA on November 22, 2022. The new form also lists the following: Last Annual Registration Year: 2023

Since all FDA registrations expire at year's end, there is no individual expiration date listed for each establishment.

Language on the bottom of the registration, "FDA information collection OMB Control number: 0910-0543, **expiration date: 07/31/2023**" pertains to the FDA form and not the establishment.

JRF Ortho FDA registrations can be obtained at:

<https://jrfortho.org/licenses-and-certifications>

Registration status can be verified directly on the FDA website at:

<https://www.accessdata.fda.gov/scripts/cber/CFAppsPub/tiss/index.cfm>

Sincerely,

A handwritten signature in blue ink that reads "Dina Pasquino". The signature is written in a cursive, flowing style.

Dina Pasquino, CTBS
Chief Compliance Officer
